WORK EXPERIENCE

Web Development Intern

Aug 2025 – Sep 2025

Sui Southern Gas Company Limited (SSGC), Karachi

- Worked on developing and maintaining responsive web pages using HTML, CSS, JavaScript, and Bootstrap.
- Assisted backend developers in building RESTful APIs with Node.js, Express.js, MongoDB and MySQL.
- Collaborated with the team using Git and GitHub for version control and project tracking.
- Gained practical experience in backend integration and database management.

PROJECTS

News CMS Website – Frontend and Backend Development

Tech Stack: Node.js, Express.js, MongoDB, EJS, HTML, CSS, JavaScript, Multer

Designed and developed a dynamic Content Management System (CMS) for managing and publishing news articles. Implemented secure role-based authentication for admins and users, along with features for creating, editing, and deleting articles. Integrated image upload functionality and category management to ensure efficient and organized content handling. ([Link](#))

Tour Travel Website – Frontend Development

Tech Stack: HTML, CSS, JavaScript, Formspree

Developed a responsive and visually appealing tour and travel website to showcase destinations and travel packages. Implemented a contact form using Formspree for seamless, serverless form submissions. Focused on user-friendly design, accessibility, and cross-device compatibility. ([Link](#))
